PROFESSIONAL EXPERIENCE

AI Product Manager **February 2025 - Present**
Majorly: AI-Powered Career Coaching Platform San Francisco, CA

- Identified a market gap with interview practice products; prototyped and launched a real-time, speech-to-speech AI interview simulation feature with low-latency follow-ups, **increasing Weekly Active Users by 20%** vs. baseline, helping **convert 3 customers in pilot phase to paid ones**.
- Led the AI roadmap for career-planning recommendations and interview-readiness; **productized cutting-edge models** (RAG, Agents, LLMs) into adoption-ready features, **contributing to 5 university partnerships** within the first 5 months.

Product Manager (Fractional) **September 2024 - February 2025**
Founded a GenAI Product Consultancy and worked with 3 clients in the **VC, CFO Office/FP&A and EdTech industries**.
[SprintFit](#) (VC analysis tool) San Francisco, CA

- Cut VC screening time by 70%** with an automated pitch deck evaluation (RAG + agentic pipeline) that extracted key investment signals (market, team, traction) and standardized scoring criteria, **securing 2 VC firms as design partners**.

[SowFin](#) (CFO/FP&A Copilot) San Francisco, CA

- Ran **JTBD-style user interviews** with 15 CFOs and **uncovered two priorities**: avoid sending internal financial data to external LLM providers and enable self-serve data analysis and visualization.
- Drove concept to launch of a natural-language-to-SQL and charting feature (fine-tuned Llama 3.2 3B SLM) based on interview insights, achieving 92% contextual accuracy in pilots and **converting 40% of interviewed CFOs into pilots**.

Product Manager **September 2021 - September 2023**
Mastercard Chennai, India

- Accelerated the onboarding of Issuer partners and Affiliates to Mastercard's new cloud-native, multi-API parameter configuration platform, increasing the **weekly Customer Onboarding rate by 5x** on the new upgraded platform, from **10 orgs/week** to over **50 orgs/week** by effectively integrating Product Analytics to identify and remove bottlenecks.
- Elicited requirements from 15+ international stakeholders to create a unified product vision for a faster, low-friction partner onboarding and profile configuration, then led a 9-member tech team towards an Agile implementation of this vision, achieving an **85% Customer Satisfaction (CSAT)** score.

EDUCATION
