Dear Hiring Manager,

I'm Akshay Danthi, a student pursuing an MS in Business Analytics, with a passion for AI Product Management.

I believe that my following experiences suit well for the Product Development Summer Intern-GenAI role:

1. 1.5 years of Product Manager experience with Mastercard
2. 2 years of Business Analyst experience with HSBC
3. [My active participation](#) in the AI Product Management training program led by Kai Wang, Senior PM at Uber and facilitated by ProductManagementExercises.com
4. My academic pursuit of a degree in MS in Business Analytics at Golden Gate University, San Francisco, which involved coursework in AI/ML, Data Analytics, Effective KPI setting and measurement etc.
5. My side-projects in AI/ML (as seen on <https://akshays.me>):
 - [A sample RAG](#) solution using GPT-4, LangChain, ChromaDB.
 - [A PRD](#) that I developed for SkillProbe.AI, an Interview Simulator application.
 - [A Deep Learning model](#) to classify Hominid species using physical traits and attributes, using a Fully Connected Neural Network built using Keras and TensorFlow.
 - Several other projects ML and Data Analytics which you can view on <https://akshays.me>
6. My part-time paid job as a Data Analyst at Golden Gate University where I was involved in Data Analysis, Market Research, developing Predictive models to enable senior leadership to make data-driven decisions.

I am excited about the opportunity to contribute to your organization's mission and leverage my skills to drive the business goals of your organization. I look forward to the possibility of discussing my application with you.

Sincerely,

Akshay Danthi
