PROFESSIONAL EXPERIENCE

AI Product Manager

February 2025 - Present

Majorly

Remote

- Developed an AI-powered career guidance platform for universities, incl. a student-facing career coach & an advisor copilot, designed to **cut advisor workload** from 10+ hours to under 2 hours per student, accelerating progress tracking from days to real-time, with early testing indicating a **2-3x increase** in advisor capacity & higher student engagement.
- Defined and executed the **product roadmap**, **prioritizing features** based on user research, advisor feedback, and behavioral data, ensuring that AI-driven career guidance aligns with student needs and university goals.
- Established a data-driven product development process, leveraging **PostHog analytics** and internal testing to refine **AI recommendations**, measure **adoption**, and optimize **engagement strategies**.

Fractional AI Product Manager

September 2024 - February 2025

- Developed **MVPs**, **PRDs**, and **GTM strategies** to help GenAI-driven pre-seed startups secure funding & scale effectively.
- Worked with 3 clients - (i) [SowFin](#) - AI **CFO Copilot** for Financial Planning and Analysis; (ii) [SprintFit](#) - an AI **VC Copilot** to streamline startup evaluation, and (iii) [Majorly](#) - a GenAI-powered **career advisory** platform for universities.

Product Manager

September 2021 - September 2023

Mastercard

Remote

- Accelerated the onboarding of Issuer partners and Affiliates to Mastercard's new **cloud-native, multi-API** parameter configuration platform, increasing the **weekly User Onboarding rate by 5X**, from 10 orgs/week to over 50 orgs/week by effectively integrating Product Analytics & optimizing onboarding workflows.
- Elicited requirements from 15+ international stakeholders to create a unified **Product Vision**, then led a 9-member tech team (consisting of Development, Quality Assurance, UI/UX, Program Management teams) towards **Agile implementation** of this vision, achieving an **85% Customer Satisfaction (CSAT)** score.
- Boosted **Time to Market by 30%** for External Customers (Issuers and Affiliates) through automating workflows and **API adoption rate by 35%** among Internal Customers (Downstream systems) through workshops & user feedback sessions.
