SUMMARY

Product Manager with 6+ years of experience delivering high-impact digital products across FinTech, EdTech, and SaaS. Proven ability to lead cross-functional teams through product discovery, roadmap execution, and iterative delivery, balancing user needs, business value, and technical feasibility.

SKILLS

Product Strategy | Agile & Scrum | User Research | A/B Testing | Roadmapping | GenAI (LLMs, RAG, Agentic AI) | Figma | SQL | Python | Prototyping | Product Analytics | Go-to-Market | Stakeholder Management | SaaS & Platform Products

PROFESSIONAL EXPERIENCE

AI Product Manager February 2025 - Present
Majorly Remote

- Launched a suite of career development features, including a real-time interview coach, resume analyzer, and LinkedIn optimizer, resulting in a **40% increase in active engagement** and consistent use by over **70% of weekly active users**.
- Led product roadmap for conversational and personalized learning features; shipped **3 major product features** in under **4 months** through tight cross-functional collaboration.
- Ensured compliance with data protection (**SOC 2**), accessibility (**ADA**), and process integrity standards to support institutional adoption and procurement by universities.

Fractional AI Product Manager September 2024 - February 2025

- Managed end-to-end product delivery across 3 sectors (FinTech, VC, EdTech), including customer discovery, roadmap definition, feature prioritization, and iterative launches.
- Delivered 8 production-grade features and 2 complete MVPs within 5 months across 3 startups.
- At SprintFit, built a pitchdeck scoring solution that extracted key investment signals (e.g., market, traction, team) from uploaded decks, **reducing evaluation time for VCs by 70%**.
- At SowFin, developed a self-service analytics feature that allowed finance leaders to generate data visualizations from natural language queries, improving self-service data analysis and supporting data privacy standards. The model achieved a **92% contextual accuracy** with the natural language queries.
- At Majorly, launched a personalized recommendation system for student upskilling paths, replacing static content with dynamic recommendations for courses, minors, & skills. This resulted in a **33% increase in user engagement**.

Product Manager September 2021 - September 2023
Mastercard Remote

- Accelerated the onboarding of Issuer partners and Affiliates to Mastercard's new **cloud-native, multi-API** parameter configuration platform, increasing the **weekly User Onboarding rate by 5X**, from 10 orgs/week to over 50 orgs/week by effectively integrating Product Analytics & optimizing onboarding workflows.
- Elicited requirements from 15+ international stakeholders to create a unified **Product Vision**, then led a 9-member tech team (consisting of Development, Quality Assurance, UI/UX, Program Management teams) towards **Agile implementation** of this vision, achieving an **85% Customer Satisfaction (CSAT)** score.

EDUCATION

Master of Science in Business Analytics September 2023 – September 2024
Golden Gate University San Francisco, CA

- Completed a [certification in Product Analytics](#), offered by MixPanel, where I built a marketing funnel.
