PROFESSIONAL EXPERIENCE

AI Product Manager

February 2025 - Present

Majorly

Remote

- Developed an **AI-powered** career guidance platform for universities, including a student-facing career coach and advisor copilot, reducing advisor workload from 10+ to under 2 hours per student and enabling **real-time progress tracking** via a custom **data pipeline** and **analytics layer**. Early testing showed a **2–3x increase** in advisor capacity.
- Established a data-driven product development process using **PostHog** for user behavior analytics and **PostgreSQL** to track feature adoption metrics, enabling continuous refinement of AI recommendations & **increasing early engagement by 40%**.
- Collaborated with **cross-functional teams** (Engineering, **Data Science**, Design) to ensure a scalable, data-driven platform architecture aligned with stakeholder goals.

Fractional AI Product Manager

September 2024 - February 2025

- Delivered 8 features and 2 full MVPs in 5 months across FinTech, EdTech, and VC domains, leading product discovery, roadmap execution, and analytics integration.
- At SprintFit, built a structured evaluation pipeline that extracted investment signals (market size, traction, team strength) from startup pitch decks, **reducing VC screening time by 70%**.
- At SowFin, identified the user need for and developed a data visualization tool powered by natural language queries from finance leaders. Fine-tuned a LLaMA 3.2-3B model to **92% contextual accuracy** and enabled self-service reporting while maintaining privacy standards.
- At Majorly, launched a personalized data recommendation engine for student career planning, **boosting engagement by 33%** through adaptive learning paths and skill matching..

Product Manager

September 2021 - September 2023

Mastercard

Remote

- Accelerated the onboarding of Issuer partners to Mastercard's new **cloud-native, multi-API** parameter configuration platform, increasing the **weekly User Onboarding rate by 5X**, from 10 to over 50 orgs/week by optimizing user workflows.
- Elicited requirements from 15+ international stakeholders to create a unified **Product Vision**, then led a 9-member tech team (including Development, Quality Assurance, UI/UX, Program Management teams) towards **Agile implementation** of this vision, achieving an **85% Customer Satisfaction (CSAT)** score from the end-users.
- Facilitated workshops & presented platform adoption strategies to senior executives, **improving API adoption by 35%**.

Data Analyst

December 2023 - September 2024

Golden Gate University

San Francisco

- Developing and deploying **dynamic reports with data visualizations** and **interactive dashboards**, using **Pandas**, **SQL**, and **Tableau**, enabling data-driven decision making in real-time for senior leadership.
- Led **UAT sessions** with stakeholders, iterating on user **requirements** and the **product documentation** to improve decision-supporting dashboards and reports.

EDUCATION

Master of Science in Business Analytics

September 2023 – September 2024

Golden Gate University

San Francisco, CA

- Winner, Most Practical & Scalable **solution** (Defined OKRs, most effective KPIs and developed an interactive dashboard to track the Effectiveness of PMI's Career Quest program) in the Product Development competition hosted by PMI SF.
- 15+ Data Science/Viz projects (**GitHub** & **Tableau**) like Churn, Sentiment Analysis, Cluster Analysis, RAG solutions.
- Successfully completed a 4-month **AI/ML Product Management** specialization program.
