PROFESSIONAL EXPERIENCE

Majorly: AI-Powered Career Coaching Platform

Feb 2025 - Present

AI Product Manager

San Francisco, CA

- Launched Ana, a GenAI-powered career-advisor agent delivering personalized career-readiness guidance and Q&A; aligned the product with a clear customer-first vision, saving advisors 10 hrs/week and increasing weekly adoption from 24% to 52% across paying organizations.
- Led a cross-functional team to develop a real-time speech-to-speech interview simulator that addressed market gaps in chained STT to TTS; drove agile development cycles resulting in a +20% WAU increase in 6 weeks and secured conversion of 3 pilot programs into paid customers.
- Introduced a self-serve GenAI analytics feature that translated plain-English career advisor queries into on-demand data insights, reducing report turnaround from 1-2 days to minutes and illustrating strong UX sensibility and rapid iteration.

AD GenAI Consulting

Sep 2024 - Feb 2025

AI Product Manager

San Francisco, CA

- Founded a GenAI Product Consultancy and scaled operations to serve 3 clients across VC, FinTech, and EdTech, emphasizing strategic alignment of AI capabilities with business objectives.
- Conceptualized and launched SowFin (CFO Copilot), an on-premises AI data visualization assistant using fine-tuned SLM to meet strict privacy and cost requirements; secured 6 paid pilots and demonstrated the product's ability to integrate complex data pipelines.
- Automated the pitch-deck review process for SprintFit, a VC analysis tool, by extracting key business signals and generating standardized scorecards through a RAG and agent orchestration pipeline; reduced VC screening time by 70% and attracted 3 VC partners, showcasing rapid product iteration and agile backlog management.

Mastercard

Sep 2021 - Sep 2023

Product Manager

Chennai, India

- Scaled issuer onboarding on Mastercard's new configuration platform by 5x (from 10 to 50+ organizations per week) through the use of product analytics to optimize user journeys and streamline the implementation of key features.
- Unified 15+ global stakeholders by defining a clear, outcome-focused product roadmap for low-friction partner onboarding and profile configuration; led a 9-person cross-functional team using Agile practices to deliver iterative releases, achieving an 85% CSAT while balancing technical and business requirements.
